

ACTË NATION

Visual Content Internship (Photography & Videography)

Actë Nation is a digital handbag brand which investigates the common bag-related problems modern women face and designs a range of products to solve them.

But we don't just aim to make more efficient handbags. It's our mission to create solutions that truly uplift and help women express their best, kick-ass self. This is our obsessive passion.

In this position you play an important part of a young, passionate and growing accessories brand for modern women. You are directly involved and responsible for growing our brand visibility and strengthening our web and social media presence through high-quality content.

Is this you?

You're creative, talented and bursting with (content) ideas.

You have a passion for creating different types of content - lifestyle and product photography, product explainers, gifs and animated clips, videos, Reels and Tik Toks are your strong suit.

You're confident in front as well as behind the camera.

You have an excellent eye for aesthetics.

You like taking on the role of the creative director.

You have strong photography and videography skills, and you master relevant digital editing software.

You're social media savvy – knowledge of social media platforms and their best-performing types of content.

You're looking to improve your skill set, to strengthen your portfolio and to apply your creative skills in the fashion industry.

You have an excellent work-ethic and a passion for learning, developing and achieving results.

You're friendly, motivated and a pleasure to work with.

You have planning and organization skills with the ability to work independently on multiple duties simultaneously while maintaining excellent attention to detail.

Does this sound like you? Then please apply - we can't wait to hear from you!

What's in it for you?

No brewing coffee and no watering plants, instead:

- get creative and improve your skill set by gaining hands-on work experience in the fashion industry and e-commerce
- at the end of this internship you'll have achieved real results through your own efforts and strengthened your portfolio which you can show off to future employers
- ability to work from where you want (this is a remote internship)
- written work reference by Actë Nation's founder to be used for your LinkedIn or candidate applications at future employers

This is a remote, unpaid internship.

Internship duration: 3 months (flexible)

Start date: as soon as possible

Please send your application (CV, cover letter & portfolio*) to contact@actenation.com

*Important: Please include examples of your previous work. We only consider applications that include a portfolio or other examples of previous work.
