

Please note:

It is the applicants responsibility to check email and SPAM folders and send information in a timely manner otherwise their application will not be processed.

As a small team, HCA cannot 'chase' applications and incomplete applications will be automatically withdrawn from the scheme

Unsuccessful applicants will not be contacted. If you have not heard back from HCA within 60 days of your application being submitted (please check your email filters and SPAM/Junk folders in case you have missed an email) please assume that it has been unsuccessful

We cannot process applications after the application window has closed.
